

# DIGITAL READINESS

Digital disruption can be a catalyst to business succeeding or failing depending on your employees digital readiness

## WHY ACCENDO'S DIGITAL READINESS?

### + REAL WORLD CONTEXT

Automated role fit predictions ensures you can match the right talent for any position within your company in 1 click

### + ROBUST METHODOLOGY

Understanding role fit means building a personalised development journey for every employee ensuring full readiness for mobility

### + MEASURABLE CHANGE

Having visibility into pre and post digital assessment results creates a change pathway that makes transformation bite sized and manageable

Accendo's Digital Change model allows companies to understand the current state and future state of their employee digital mindset and identify key gaps where intervention is needed to optimise digital transformation.
